06 MONTHS DIPLOMA IN QUALITY
CLASSROOM & DISTANCE LEARNING COURSE

Dear Sir,

As is widely known, **International Institute of Quality (IIQ)** conducting various technical courses inviting interested personnel/technocrats for enhancing & fine-tuning of the skill.

International Institute of Quality (IIQ) organizing **06 MONTHS DIPLOMA IN QUALITY** Classroom & online Training course.

a) INTRODUCTION

The **06 Months Diploma in Quality** is a comprehensive, industry-oriented professional program designed to develop practical knowledge and technical expertise in Quality Management, Quality Assurance (QA), Quality Control (QC), inspection, auditing, process improvement, and international quality standards. The diploma equips participants with the skills required to implement effective quality management systems and contribute to organizational excellence across manufacturing and service industries.

This program combines classroom learning with practical training, case studies, industrial examples, laboratory demonstrations, and project-based learning to bridge the gap between academic knowledge and workplace requirements. Participants gain hands-on experience in applying quality tools, statistical techniques, process control methods, auditing practices, and continuous improvement methodologies to solve real-world quality challenges.

b) OBJECTIVE OF THE COURSE:

The primary objective of the **06 Months Diploma in Quality** is to provide participants with a strong foundation in Quality Management, Quality Assurance (QA), Quality Control (QC), and Quality Management Systems (QMS). The program aims to develop practical skills in quality inspection, testing, statistical process control, problem-solving, and process improvement. It equips participants with the knowledge of ISO standards, quality tools, and internal auditing, Lean, and Six Sigma methodologies to ensure product and service excellence. The course also enhances analytical, communication, and decision-making skills, preparing learners for successful careers in quality management across manufacturing, engineering, healthcare, pharmaceutical, automotive, and service industries.
